The Arbitrator has been provided credible evidence to suggest there is a case to answer to. The sharing of the evidence is through the guidance of [Rules of Dispute Resolution 5.8 Transparency/Confidentiality](#).

## Discovery

Claimant proof of control of EOS account. Attached

The Claimant provided an account of the communication with the Respondent requesting the transfer of assets under allegedly false pretenses. Attached

Block records showing the Claimant transferring assets to the Respondent's account under allegedly false pretenses.

Claimant filed a claim with ECAF and has provided requested information in a timely manner. Claimant recorded an attestation where the name, ID, and claim was verbalized. This file will not be shared.

Until the case is finally resolved by a ruling from the Arbitrator, [ECAF Rules of Dispute Resolution, Section 6](#), it is hereby notified that the accounts may be under the control of unauthorised persons, and you, Block Producers, are advised to not accept transactions unless you have confirmed that the instructions are issued by the rightful owners.

Please note that this is only an emergency order for protection of assets. The purpose of this order is to secure possibly at-risk assets pending further investigation of the case. An emergency order is **not** a ruling or decision upon the matter of the case itself. It should not be understood as an implication of wrongdoing by any party.

This Arbitration Order is compatible with previous Orders, AO-001, AO-002, and AO-003 in as such they all require a continuous freeze of accounts that Claimants providing compelling evidence of the removal of their property without permission or just cause.

Thank you,

Bill Bozarth, ECAF Emergency Arbitrator
